

IN AUSTIN, THERE ARE LEADERS AND THERE ARE FOLLOWERS.

BETTY BROWN IS A FOLLOWER.

She said she was going to change Austin. Instead, Austin changed her.

- When her party leaders called, she said “Yes!” to spending the \$14 billion state surplus instead of giving us back the money. [House Journal, HB 2785, RV 1157]
- She even said “yes!” to spending an additional \$9 billion on new government programs. [House Journal, HB 2785, RV 1157]
- When the utility companies called, she said “Yes!” to raising your electric rates an average of 56 percent. [Houston Chronicle, 10-8-07]

With so much at stake, should we re-elect Betty Brown?

Ba-a-a-a-a-d idea.

**THIS ELECTION, WE CAN DO BETTER THAN BETTY BROWN.
VOTE FOR CHANGE ON MARCH 4.**
