

**NATHAN MACIAS
THINKS **THIS**
IS WHAT PASSES FOR
POLITICAL COURAGE IN AUSTIN.**

HE SHOULD KNOW.

Bankrolled by a millionaire who didn't even live in his district, Nathan Macias said he was going to change Austin.

Instead, Austin changed him.

■ Macias hid his head when he had a chance to vote against the biggest state budget in Texas history and approved spending the \$14 billion state budget surplus instead of returning it to you.
[House Journal, HB 2785, RV 1157]

■ He even closed his eyes and said "Yes!" to spending another \$9 billion of your hard-earned money on new government programs.
[House Journal, HB 2785, RV 1157]

■ Then he pocketed thousands of dollars from utility lobbyists and sat by while they raised your electric rates an average of 56 percent. [Texas Ethics Commission reports; Houston Chronicle, 10-8-07]

With so many challenges facing Texas, we deserve a state representative who will take his head out of the sand.

**THIS ELECTION, WE CAN DO
BETTER THAN NATHAN MACIAS.**
