Re: Application of Devon Energy Production Co., LP to Amend the Permanent Field Rules in the Eagleville (Eagleford – 1) and Eagleville (Eagleford – 2) Fields, Various Counties, Texas

Dear Mr. Poe,

Please set for hearing the application of Devon Energy Production Co., LP (Operator Number 216378) to amend the permanent field rules in the Eagleville (Eagleford – 1) and Eagleville (Eagleford – 2) Fields (Field Id. Nos: 27135700 and 27135750) in various counties in Texas. Devon proposes the following amendments and additions to the field rules.

1. The adoption of a field rule providing for permanent gas well classification for all wells with an initial Gas-Liquid Ratio of 2500 cubic feet per barrel or greater.
2. Re-classification of the wells on Attachment A as permanent gas wells from date of first production forward.
3. The adoption of an administrative Rule 38 provision for wells to be drilled with between 20 and 40 acres in density, with notice to offsets within 660' feet of the bottomhole location of a vertical well or of any take point on a horizontal well.
4. Adoption of a Stacked Lateral Rule, with all take points of a stacked lateral well's drainholes within a rectangular area the width of which is 660' feet and the length of which is the distance from the two most distant take points.

Please provide notice of this application to all operators in both fields. A list of operators in the two fields based on the July proration schedule is attached. In addition to the operators in the two fields, I have included on that list Mr. Andy Bennett with Devon, as well as Mr. Brian Sullivan and me representing Devon, and I request that we be included on the service list for this docket. We will email an electronic version of this list to Docket Services.

Should you have any questions or require additional information from Devon with respect to this application, please contact Brian Sullivan or me. Thank you for your assistance.

Sincerely
