**Subject:** Prayer Devotional

To all TDA Staff –

In light of the recent weather tragedies in and around the state of Texas and the tremendous loss of lives and property. I have invited Chaplain Michael Tummillo to stop by TDA Austin Headquarters office today at 1:30pm to hold a prayer devotional to pray for guidance and relief to so many hurting Texans. Chaplain Tummillo is a non-denominational clergyman.

If you feel the need to pray or reflect for yourself, your family, friends and for the flood and tornado victims across Texas – please feel free to attend.

For everyone here at the Austin Office and Regional Offices you may call in via the conference line ([877/940-6548](tel:8779406548) Participant Passcode 4363149).

**Background information for the Church @ Work:**

I am the Founder of The Church @ Work (TCAW). A licensed, ordained non-denominational minister, I began an online ministry 17 years ago that has reached hundreds of thousands worldwide with devotionals, online counseling, etc. The messages have been used by pastors who have used them for preaching. Others have published these messages on blogs, websites, and in newsletters and magazines over the years.

In 2008, I began certifying Chaplains through TCWA. There are now nearly 100 men and women of all denominations - and none at all - located all over the USA and Canada, who are now certified as Chaplains through this ministry with all their training done via distance learning and at no cost beyond their small, one-time fee to join our ranks.

Employed as a Workplace Chaplain for a Texas nursing home chain since 10 years ago this September, I am serving two homes in Whitney and one in Grand Saline. I am a certified Chaplain with several organizations, however, since being certified through the Austin Disaster Relief Network (ADRN), I have been deployed to the Moore, OK tornado, the West, Texas fertilizer plant explosion, and am about to deploy to the flooded areas of San Marcos. Most recently, I self-deployed to serve the tornado victims of Van, Texas. I have also served as an Instructor at the ADRN Chaplaincy Academy, training other Chaplains to do this type of ministry, allowing many of them to serve as Chaplains in jails, hospitals, nursing homes and workplaces as well as officiate weddings and funerals, law enforcement, things the local church need not concern themselves with because our Chaplains are involved. Thank you, Michael Tummillo

*This is strictly a voluntary event and open to all TDA Employees.*
