...on the issues

Jobs & Economy

While the Texas economy continues to lead the nation we have thousands of people moving other liberal places. We have to make sure we continue to hold down spending, keep our regulatory environment predicable and limit government intrusion in our lives.

Jobs & Economy

While the Texas economy continues to lead the nation we have thousands of people moving here everyday from California, New York and other liberal places. We have to make sure we continue to hold down spending, keep our regulatory environment predicable and limit government intrusion in our lives.
