

Trouble at Home

House Incumbents with Primary Challengers

These 29 state representatives face challenges from members of their own parties in the March primaries. We're stealing this idea from the inventors of the federal terror watch, ranking districts by the threat each incumbent faces and giving it a garish color. **Yellow** means there's trouble on the sidewalk. **Orange** is trouble on the front porch. **Red** is trouble walking in the door. We'll change these as new information comes in. Incumbent's names are in **bold**.

Changes since last time: Elevated to Red: HD 130 on the Republican side and HD 140 on the Democratic side; Elevated to Orange: HD 61 and HD 127 on the Republican side; Demoted to Orange: HD 43 and HD 77 on the Democratic side.
