## Money and votes in selected legislative races

Winners are listed in bold (if there's a runoff, the top finishers are bold) and incumbents are indicated with an asterisk. The money column includes spending, late (telegram) contributions and cash on hand as reported by the candidates through the March 4 primaries. Not everyone spent all of the money available, but since they don't have to report final spending until mid-year, we went with this. Think of it as the amount the candidates could have spent had they wanted to. Our sources for numbers: the Texas Ethics Commission and the Texas Secretary of State.
